SOCIAL PROGRAM & CAMP CURRICULUM:

We are excited to offer a social skills curriculum focused on different themes each week. This curriculum has been developed by Georgia certified teachers and utilizes the most current research in best practices for teaching children/adults with ASD/Asperger's.

Participants are placed in group settings with appropriate ratio of adults to participants based on each individual's needs.

PROGRAM STAFF:

Our programs and camps are staffed by Certified Special Education Teachers and Paraprofessionals. These staff members have been trained specifically in the field of special education and have experience with children functioning at various levels of development. Parents can be confident that their child's social, language, and behavioral needs are being met each day at camp.
